Connecticut Assessment Forum
August 12-13 2010

Presenter: Abe Krisst

CT Reports for CMT and CAPT
CT Reports for CMT and CAPT Data

This session will give a general overview of www.ctreports.com. Some of the popular reports will be overviewed such as the roster report, vertical scale reports, and the new MAS reports. Additionally, interpretation tips for CMT/CAPT data analysis will be integrated in the overview.

This will be a demo using the ctreports.com Web site
Today’s Agenda

- Roster Reports
  - Student Name Search - NEW
- Matched Comparison Reports
- Vertical Scale Analysis Reports
- MAS Reports - NEW
- Data Integration – Custom Reports – Would you like to have this first?
- Questions

I will integrate analysis tips where applicable
 Much of this info has been around for some time....

 If you can give this presentation yourself...go find another session!
Who is eMetric?
The future of assessment—why this presentation is Important?

- CMT and CAPT – Until 2014
- CCSS will set the tone for next test.
- How the test will be developed?
The CMT site will be the guinea pig today but most of this DEMO applies to the CAPT site application as well.
## Data Interaction for Connecticut Mastery Test, 4th Generation
